Relias is offering a free telehealth course series that covers foundational best practices in delivering telehealth. [Click here](#) to access the free course series from Relias.

Re-Opening Dental Clinics: KDHE Update

4/30/2020: Note from KDHE- Bureau of Oral Health

- To aid dentists who may be reopening their practices when the Executive Order #20-24, Stay-At-Home orders are lifted, the ADA has developed interim guidance for minimizing risk of COVID-19 transmission.
- Click [here](#) to access the guidelines containing recommendations to aid dental teams in the reopening of their offices.
- KDHE has stated that the decision to reopen a dental office or remain closed, once the order is lifted, is a decision to be made by each individual dental practice in consultation with any county orders.

Sustaining Telehealth In The Future

- What are your plans for telehealth in the future?
- What are your concerns?
- What have you learned from your telehealth experience?
- What needs to be formalized to continue providing telehealth services?
- Telehealth Equipment & Patient Monitoring Device Survey:
<https://app.smartsheet.com/b/form/27423d0b754845a191bcafc9e1b24a89>

Open Discussion

**COMMUNITY CARE
NETWORK OF KANSAS**

Planning Our Next Discussion

Please let us know in the chat or speak up via phone.

- What topics would you like to discuss at future roundtable discussions?
- Would your clinic be interested in presenting telehealth workflows & best practices?

Thank You!
