4. Questions/Open Discussion (15 min)
5. Planning Next Roundtable Discussion (5 min)

A few housekeeping notes:

- Please mute your lines unless contributing to discussion or asking a question
- We will be recording this session

Follow-up Discussion Items

Question from chat: Can a patient visit via telephone that transitioned to a telehealth visit (video added) be billed as a telehealth visit?

Response: As long as the majority of the information/clinical visit occurs through telehealth and everything required for a billable visit occurs through telehealth and not telephone, it's billable.

Question from chat: FQHCs are required to use G0071 but do you still use E/M codes with the G-codes?

Response: Awaiting guidance.

Question from chat: I attended a Medicare Telehealth webinar who said we can use POS 11 and use Modifier 95 for Telehealth.

Response: Current guidance is to bill telehealth under POS 02. Awaiting additional Medicare guidance.

Upcoming Webinars

1. **MWCN: Using Telehealth to Enhance Comprehensive Care**

- Wednesday, April 15th @ 11:30am-1:00pm
- Registration: <https://register.gotowebinar.com/register/2101352944206999308>
